1. INTRODUCTION

1.1 Preamble:

- a) This document outlines the competition regulations that are to be followed at all Newcastle Netball Association (NNA) Tri Series Competition (NNA Tri Series) matches. The NNA Tri Series matches will be conducted in accordance with the official Rules of Netball and under these Competition Regulations published by NNA. The interpretation and administration of Competition Regulations is the responsibility of the NNA Tri Series Officer with oversight by the NNA Management Team. The NNA Management Team reserves the right to vary any of these competition regulations. Any substantial variation to these competition regulations will be notified to club representatives prior to the next competition fixture.

1.2 Background:

- a) The NNA Tri Series, which began in 2020, features 8 clubs that each field a team in the following three Divisions:
 - i. **Championship:** This is the premier division, where the strongest teams compete against each other.
 - ii. **Opens:** A competitive level for players of various ages and skill levels.
 - iii. **23s:** A division designed for players who are turning between 16 and 23 years of age within calendar year of the competition, focusing on developing younger talent in a competitive environment.
- b) As a premier regional competition, the NNA Tri Series provides a critical platform for talented local athletes seeking advancement to higher-level Netball NSW pathways.
- c) The NNA Tri Series is conducted alongside the NNA Winter Competition but remains a separate competition. While both competitions are managed by NNA, each competition has its own governance structures, eligibility requirements and operational procedures.

1.3 Aim:

- a) The NNA Tri Series competition is established to cultivate a sustainable culture of player retention and progression within affiliated clubs. It is designed to support the development of structured pathways that enable athletes to advance from junior levels through to the Championship Division, the pinnacle of this competition.
- b) Participating clubs are encouraged to demonstrate a commitment to nurturing their junior base, striving for competitive success in higher divisions, and contributing to the overall growth of participation—particularly within smaller clubs. Clubs must exhibit consistent adherence to NNA policies and serve as role models for the broader NNA Members. A key expectation is the regular fielding of teams, with the utilisation of generous borrowing provisions to minimise forfeitures at this level.
